PROFILE

Driven high school Senior at Ruskin High School with excellent communication and collaboration skills. Passionate about working with others to achieve shared goals and contribute meaningfully to a team's success. Excited to bring enthusiasm and interpersonal strengths to support and enhance your company's mission.

EXTRA-CURRICULARS

- I was the team captain of my varsity tennis team in 2022 and played varsity baseball in 2023
- I was a Driver for my schoold robotics team.

EXPERIENCE

Prep Kc:

Data deck: <https://github.com/admiralorbiter/DataDeck.git>

An interactive platform for 8th graders to build data skills through visualization and peer collaboration.

Contributed to front-end development for a classroom-focused website, enhancing user interface and functionality to improve accessibility and user experience

Prep Kc Math Relays webpage:

Contributed to front-end development for a webpage promoting a math event, ensuring an engaging and user-friendly design to highlight event details effectively

Oracle Scholar Internship:

During my time I worked on several projects using Java and JavaScript, I got a lot of experience using GitHub and editing servers.
